

# ALLERGY MENU

**Warning:** This list is compiled based on information provided to The Great Dane Pub and Brewing Co. from food manufacturers and ingredient suppliers. The Great Dane's menu is diverse and contains a wide variety of foods, many of which contain one or more of the eight major allergens: shellfish, fish, eggs, milk, peanuts, tree nuts, soy or wheat. Ingredients or production methods used by our suppliers may change without notice and there may be product differences among regional suppliers. Additionally, normal kitchen operations involve shared cooking and preparation areas and cross-contact with other foods may occur during preparation, or we may need to substitute ingredients in menu items. We are therefore unable to guarantee that any menu item is completely free from any particular allergen, and we assume no responsibility for guests with food allergies or sensitivities. \*\*\*PP stands for Production Plant where these allergens are present.

STARTERS	Shellfish	Fish	Eggs	Dairy	Peanuts	Nuts	Soy	Wheat
